WEDNESDAY, JULY 30, 2014

THUR., JULY 31, 2014

	Grand Ballroom A	Grand Ballroom B	Grand Ballroom C	Regency AB Sponsor Showcase	Midway Suites Hands-On Workshop
7:00am to 6:00pm	Registration				
9:00am to 11:00am	Opening Plenary Session sponsored by IPNI <p>Welcome to InfoAg 2014, <i>Steve Phillips</i> Award of Excellence Presentations, <i>Paul Schrimpf</i> Big Data: The Future of Precision Agriculture, <i>Scott Shearer</i></p>				
11:00am to 1:00pm	Lunch in PrecisionAg Tech Center				
1:00pm to 1:50pm	UAS for Agricultural Research <i>Jamey Jacob, Michael Sama, Ajay Sharda</i>	Importance of Good Soil Potassium Test Calibration <i>Nathan Slaton</i> Assessing Potassium Needs <i>Robert Miller</i>	Award of Excellence Winners: Educator/ Researcher, <i>Matthew Darr</i> Crop Adviser/Entrepreneur, <i>Chris Fennig</i> Farmer, <i>Tony Alameda</i> Legacy, <i>Scott Shearer, Joe Tevis</i>	SST Software Showcase: Foundations for Moving the Precision Ag Industry Forward <i>Matt Waits</i>	Ag-Apps: Right Apps for Right End Users (2 R's) <i>Ignacio Ciampitti</i>
2:00pm to 2:50pm	Unmanned on the Farm: User Insights to Help You Get Started with UAS <i>Clay Mitchell</i> The UAS Learning Curve <i>Dale Cowan</i>	Spatial & Temporal Potassium Management <i>Robert Mullen</i> Potassium Soil Stratification <i>Robert Miller</i>	Changing the Idea of Work Through Technology; Going Google and Smart Wi-Fi <i>Craig Ganssle</i> Wearable Technology on the Farm of the Future: Google Glass and Beyond <i>Bruce Rasa</i>	John Deere Showcase: Enabling the Next Generation of Precision Agriculture <i>Charles Schleusner</i>	
3:30pm to 4:20pm	* UAS for Agricultural Research Applications <i>Jamey Jacob, Michael Sama, Ajay Sharda</i>	*Importance of Good Soil Potassium Test Calibration, <i>Nathan Slaton</i> *Assessing Potassium Needs, <i>Robert Miller</i>	Managing Zones through Field Fusion, <i>Tyler Lund</i> Putting Precision Back into Precision Soil Sampling <i>Jeff Burton, Shannon Gomes</i>	MapShots Showcase: Automated Data Capture: Making Data Integration Easy <i>Ted Macy</i>	Scouting Apps <i>Brian Arnall</i>
4:30pm to 5:20pm	*Unmanned on the Farm: User Insights to Help You Get Started with UAS, <i>Clay Mitchell</i> *The UAS Learning Curve <i>Dale Cowan</i>	*Spatial & Temporal Potassium Management <i>Robert Mullen</i> *Potassium Soil Stratification, <i>Robert Miller</i>	Autonomous Vehicles in Crop Production Systems <i>Scott Shearer</i>	Gold Sponsor Showcase: The Future of Data Management, <i>Nish Majarian</i> AgWorks Unified Agronomy Software and Off-line Sync: The Keys to Efficiency, <i>Greg Duhachek</i>	Tools; Bringing Collaboration from the Cloud to the Farm <i>Craig Ganssle</i>
5:30pm to 7:30pm	Reception in PrecisionAg Tech Center				
7:00am to 8:00am	Breakfast in PrecisionAg Tech Center				
8:00am to 8:50am	KIC N-Rate Studies <i>Daniel Schaefer</i>	Measuring How Precision Ag Pays, <i>Chris Hudson</i> Overview of Technology in Action: Discussion of Technology Utilization at A. L. Baucom Family Farms, Inc., <i>Allan Baucom</i>	How to use Precision Tools to improve Your Farming Operation Through On-Farm Research, <i>Chad Godsey</i>	Gold Sponsor Showcase: Preparing for the 'I Agree' Button <i>Dan Blerman</i> MyWay RTK, <i>Barry Bewley</i>	Google Glass <i>Bruce Rasa</i>
9:00am to 9:50am	Precision Management of Nutrients, Water, & Seeds: A Holistic Approach, <i>Raj Khosla</i>	Evaluating Precision Ag at the Dealership, <i>Rich Wildman</i> I Bought the Gadgets, Where's the Payback? <i>Dale Bartholomew</i>	Understanding UAS Operations in the National Airspace for Precision Agriculture Applications <i>Gretchen West</i>	Raven Showcase: What's New From Raven <i>Paul Welbig</i>	
10:30am to 11:30am	PrecisionAg Plenary Session The Food Futurist, <i>Christophe Pelletier</i>				
11:30am to 12:30pm	PrecisionAg Luncheon in Grand Ballroom DEF sponsored by SST Software & Raven				
12:30pm to 1:20pm	*Precision Management of Nutrients, Water, & Seeds: A Holistic Approach <i>Raj Khosla</i>	*Measuring How Precision Ag Pays, <i>Chris Hudson</i> *Overview of Technology in Action: Discussion of Technology Utilization at A. L. Baucom Family Farms, Inc., <i>Allan Baucom</i>	Hiring Precision People <i>Mark Waschek</i> Precision Certification <i>Terry Brase</i>	Trimble Showcase: Connected Farm Agronomic Services: Transforming Information into Knowledge <i>Dan Rooney</i>	On-Farm Research- Getting the Most Out of Your Data <i>Chad Godsey</i>
1:30pm to 2:20pm	*KIC N-Rate Studies <i>Daniel Schaefer</i>	*Evaluating Precision Ag at the Dealership, <i>Rich Wildman</i> *I Bought the Gadgets, Where's the Payback?, <i>Dale Bartholomew</i>	Integrating Data Management and Technology at the Farm Level, <i>John Fulton</i>	Gold Sponsor Showcase: I.F.A.R.M. (Managing the Precision Ag Cycle), <i>Gary Fisher</i>	
3:00pm to 3:50pm	AgGateway: 8 Years of Enabling eBusiness <i>Joe Tevis</i> <i>Jim Wilson</i>	Precision Phosphorus Application for the Lake Erie Watershed <i>Tom Bruulsema</i>	Precision Irrigation in the West: Bringing Technology Together for VRI <i>Chad Higgins</i>	DuPont-Pioneer Showcase: Encirca(SM) Services Nitrogen Management Service- Getting Variable Fields to Maximum Yields, <i>Justin Welch</i>	Interview Process <i>Mike Smith, Mark Waschek</i>
4:00pm to 4:50pm	Open Ag Data Alliance: An Open Project For Farmer-Focused Data Privacy, Interoperability, and Security, <i>Aaron Ault</i>	The Future of Multi-Hybrid Corn Planting, <i>Jason Webster</i> Creating VR Seeding Variable Rate Seeding-Solving a Problem Requires Preparation, <i>John McGuire</i>	Precision Irrigation in the Southeastern U.S. from Beginning to Application, <i>Wes Porter</i>	GEOSYS Showcase: Building Your Remote Sensing Strategy for Precision Agriculture, <i>David Scott</i>	Employee Onboarding <i>Mike Smith</i> <i>Mark Waschek</i>
5:00pm to 7:00pm	Reception in PrecisionAg Tech Center				
7:00am to 9:00am	Breakfast in PrecisionAg Tech Center				
9:00am to 9:50am	* AgGateway: 8 Years of Enabling eBusiness <i>Joe Tevis</i> <i>Jim Wilson</i>	*Precision Management of P Fertilizer in Lake Erie Watershed <i>Tom Bruulsema</i>	A Unique Vantage Point on Big Data <i>Thomas Krill</i>	AGCO Showcase: Rural Broadband Internet and its Impact on New Technologies <i>Michael Englert, Jason O'Flanagan, Nick Tindall</i>	Industry- Education Workshop <i>Terry Brase</i>
10:00am to 10:50am	* Open Ag Data Alliance: An Open Project for Farmer-Focused Data Privacy, Interoperability, and Security, <i>Aaron Ault</i>	* The Future of Multi-Hybrid Corn Planting, <i>Jason Webster</i> *Variable Rate Seeding- Solving a Problem Requires Preparation, <i>John McGuire</i>	Modus <i>Dave Nerpel</i> SPADE: Conversion Toolbox <i>Patrick Sanders</i>	Gold Sponsor Showcase: How to be Analytically Awesome; Beyond Precision Agriculture, Understanding Added Spatial Analysis Practices, <i>Charlie Magruder</i> AgFiniti- Ag Leader's New Cloud-Based Platform, <i>Luke James</i>	AgrowKnowledge/ Precision Ag Institute Educators Meeting <i>Terry Brase</i>
11:00am to 12:00pm	Closing Plenary Session sponsored by IPNI Big Data has the Answers: Now All We Need are the Questions, <i>Steve Sonka</i>				

* indicates a repeat of an earlier talk
